Acronyms and Definitions

Alaska Federal Executive Association (AFEA): federal government entities, agencies and organizations, other than the Department of Defense, that operate on the shared ALMR system infrastructure.

Alaska Land Mobile Radio (ALMR) Communications System: the ALMR Communications System, which uses but is separate from the State of Alaska Telecommunications System (SATS), as established in the Cooperative Agreement.

Alaska Municipal League (AML): a voluntary non-profit organization in Alaska that represents local governments.

Department of Administration (DOA): a State of Alaska (SOA) department that maintains the SOA Telecommunication System (SATS) and provides information technology (IT) and communications technical support to state agencies.

Department of Defense – Alaska: Alaskan Command, US Air Force and US Army component services operating under United States Pacific Command and United States Northern Command.

Executive Council: made up of three voting members and two associate members representing the original four constituency groups: the State of Alaska, the Department of Defense, Federal Non-DOD agencies (represented by the Alaska Federal Executive Association), and local municipal/government (represented by the Alaska Municipal League and the Municipality of Anchorage).

Local Governments: those Alaska political subdivisions defined as municipalities in AS 29.71.800(13).

Municipality of Anchorage (MOA): the MOA covers 1,951 square miles with a population of approximately 300,000 plus. The MOA stretches from Portage, at the southern border, to the Knik River at the northern border, and encompasses the communities of Girdwood, Indian, Anchorage, Eagle River, Chugiak/Birchwood, and the native village of Eklutna.

Operations Manager: the Operations Manager represents the User Council interests and makes decisions on issues related to the day-to-day operation of the system and any urgent or emergency system operational or repair decisions. In coordination with the User Council, the Operations Manager establishes policies, procedures, contracts, organizations, and agreements that provide the service levels as defined in the ALMR Service Level Agreement.

Operations Management Office (OMO): develops recommendations for policies, procedures, and guidelines; identifies technologies and standards; and coordinates

intergovernmental resources to facilitate communications interoperability with emphasis on improving public safety and emergency response communications.

State of Alaska (SOA): the primary maintainer of the SATS (the State's microwave system), and shared owner of the System.

State of Alaska Telecommunications Systems (SATS): the State of Alaska statewide telecommunications system microwave network.

System: the ALMR Communications System, as established in the Cooperative Agreement, and any and all System Design/System Analysis (SD/SA) and System Design/System Implementation (SD/SI) documents.

System Management Office (SMO): the team of specialists responsible for management of maintenance and operations of the System.

User/Member: an agency, person, group, organization or other entity which has an existing written Membership Agreement to operate on ALMR with one of the Parties to the Cooperative Agreement. The terms user and member are synonymous and interchangeable.

User Council: responsible for recommending all operational and maintenance decisions affecting the System. Under the direction and supervision of the Executive Council, the User Council has the responsibility for management oversight and operation of the System. The User Council oversees the development of System operations plans, procedures and policies under the direction and guidance of the Executive Council.

1.0 Purpose

This document serves to define roles and responsibilities for the Alaska Land Mobile Radio (ALMR) Communications System Operations Management Office (OMO) and System Management Office (SMO) employees, contractors, subcontractors and any user agency regarding the departure or termination of personnel assigned to activities on, or having access to, the System.

2.0 Overview

Employees generally leave their position in one of two ways, either by giving notice or through termination. Although employees that give notice generally are not ones that would inflict harm or damage to persons or property, the ALMR policy requires additional measures to ensure the safety and security of the System. The same precautions shall be applied in either case.

3.0 Roles and Responsibilities

3.1 Executive Council

The Executive Council (EC) shall be responsible for the management and enforcement of sanctions when violations of the Employee Termination Procedure warrant such action.

3.2 User Council

The User Council (UC) shall be responsible for the formal approval of the Employee Termination Procedure, and any substantial revisions hereafter.

3.3 Operations Management Office

The Operations Management Office (OMO) will:

- Ensure termination procedures for departing personnel are completed
- Ensure that all security precautions are taken when an employee is terminated
- Immediately notify the UC and EC if there are any instances where access to the System was breached by departing/terminated employees
- Ensure System access accounts are disabled/deleted
- Ensure desk and storage facility keys are recovered
- Ensure access cards are collected and disabled or provided to the appropriate agency to disable
- Ensure room access codes are changed
- Ensure email and phone voice mail accounts are deleted
- Ensure any paperwork/electronic files for on-going projects are collected
- Ensure all equipment issued to the individual is collected

- Maintain a record copy of the completed checklist (Attachment A), as appropriate

3.4 System Management Office

The System Management Office (SMO) will be responsible for applicable contractors or subcontractors assigned to any functions within the SMO area of responsibility. The System Manager shall:

- Notify the Operations Manager of departures/terminations of contractor or subcontractor personnel
- Ensure System accounts/passwords are disabled/deleted
- Ensure desk, storage facility and room locks are re-keyed or door access codes are changed, as required
- Ensure email and phone voice mail accounts are deleted
- Ensure access cards are collected and disabled, or provided to the appropriate agency to disable
- Ensure any paper/electronic files for on-going projects are collected
- Ensure all equipment issued to the individual is collected/accounted for

3.5 Member Agencies

3.5.1 Individual agencies are responsible for developing their own termination procedures and applying them accordingly.

3.5.2 Agencies must notify the OMO or the SMO immediately of employee departures/terminations to ensure all access accounts to the System are disabled/deleted.

Agencies will also collect any issued equipment that accesses the ALMR System, or report it as missing/stolen immediately, if unable to collect it.

3.5 Verification Agent

The individual assigned will:

- Collect facility/storage keys, as required
- Collect access cards, as required
- Collect all issued equipment, as required
- Complete the employee termination checklist
- Provide a note of explanation for any checklist items that could not be completed (i.e. checklist item "Collect any filing cabinet/desk keys;" provide explanatory note i.e. "Member stated they had lost the keys.")
- Provide completed checklist to the Operations Manager

4.0 Compliance

Compliance with the Employee Termination Procedure is outlined in ALMR Employee Termination Policy Memorandum 200-1.

Appendix A Employee Termination Checklist

Verification agent will complete each item, as applicable. Provide an explanatory note for those items you are unable to complete.

- | A | N/A | |
|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | Collect identification badge(s) |
| <input type="checkbox"/> | <input type="checkbox"/> | Collect access key(s) |
| <input type="checkbox"/> | <input type="checkbox"/> | Collect building access card(s). Cards not recovered will be immediately disabled |
| <input type="checkbox"/> | <input type="checkbox"/> | Notify the Troopers of employee termination and request they change the offsite tape storage door combination (when applicable) |
| <input type="checkbox"/> | <input type="checkbox"/> | Collect the offsite tape storage filing cabinet key |
| <input type="checkbox"/> | <input type="checkbox"/> | Collect filing cabinet/desk key(s) |
| <input type="checkbox"/> | <input type="checkbox"/> | Change door access code(s) |
| <input type="checkbox"/> | <input type="checkbox"/> | Delete/change the Network Management account logon and password |
| <input type="checkbox"/> | <input type="checkbox"/> | Delete/change any Original Equipment Manufacturer (OEM) passwords |
| <input type="checkbox"/> | <input type="checkbox"/> | Change any shared passwords |
| <input type="checkbox"/> | <input type="checkbox"/> | Export and archive employee email and any work related documents |
